Interesting Meeting Held at the North

The Kindergatten Club of Washington, held a meeting linst evening at the North Presbyterian Church, N street, near Tenth northwest. The church was well filled with friends of the organization and those who had gathered to profit by the object of the gathering, which is the dissemination of a full understanding of the value of the kindergarten system. Presbyterian Church.

discourse was of absorbing interest.

Miss Louise Pollak, director, gave a resume of the work and object of the club, which has no creat, follows no sect, whose motto is the words of Froebel, "My system is founded on Christianity and leads to God." The kindergarfen club has resolved to take part in the meetings of the Congress of Religious to be held in Washington, April 22.

of the gathering, which is the dissemination of a full understanding of the value of a full understanding of the value of the kindergarten system.

Introductory remarks were made by Rev. George B. Patch, followed by a prayer and hymn, and a chorus by the ladies of toronal Class '95 and '96. Miss Amy Misy gave a most interesting and instructive kindergarten talk, with balls, to Bunday-school children of infant class of North. Presbyterian Church, Miss Gertrade Jones, teacher, and Eckington Presbyterian Church infant class, Miss Jennie R. Fromage, teacher, and Eckington Presbyterian Church infant class, Miss Jennie Miss Sara Katharine Lippincott sung beautifuly the solo 'Sleep Little Baby, Sleep," and bail plays was followed by readings and a chorus, including the voices of sixteen young ladies.

Miss Salee Comasuvab, of the Indian Territory, in native costume, gas with forfielt, beads and feathers, delivered an address, showing the progress of kindergarten work among her own people-full lood Indians. She is a graduate of the Female Seminary of the territory, and a woman of unusual intelligence, and her WILL ATTEND THE FUNERAL.

### LIGHTS MUST BE PUT UP

Washington and Great Falls Company to Keep Its Promise.

BATHING BEACH MATTERS

commissioners Grant the Potomac Power and Light Company Its De stred Permit-Licenses Issued to Louislana Avenue Merchants-Free Permit for Entertainment Refused

The Commissioners yesterday addressed a letter to the Washington and Great Falls Electric Railway Company, directing it to light the corners of Prospect avenue and Thirty-seventh streets, respectively, and Prospect avenue, between Thirty-sixth and Thirty-seventh streets, with electricity, in compliance with its charter, and by the same methods as used at the crossings of the roads named.

as used at the crossings of the roads named.

Supt. W. X. Stevens of the bathing beach, was at the District Building this morning to see why Policemen Phil Brown and Freston have been called away from the care of the beach. Last winter twenty-two doors of the bathers houses were broken our and burned or carried away. The place is constantly exposed to the inroads of tramps, unless a close watch is kept.

The place is constantly exposed to the inroads of tramps, unless a close watch is kept.

The Commissioners and Mr. Stevens have recommended an appropriation of \$10,000, to be spent in masing a sami bottom, fitting up the banks, and building a wall gate for this pool. The original purpose was to use the water in this basin to flush the Sevenbeenth street sewer, but that has been given up. It must now be filled, walled, or changed to a swimming pool. Major bavis, in charge of filling and improving the flats, was surprised to find, said Mr. Stevens, that it would be cheapest to make a swimming pool. The saving to the government would be at least \$10,000, and the result a very desirable battung place.

POTOMAC LIGHT COMPANY'S PERMIT. The contest between the United States Electric Lighting Company and the Potomae Light and rower Company, in which lengthy arguments were presented to the Commissioners on Monday, was settled in ravor of the Potomae company yesterday. The Commissioners directed that the application of the Potomae company to make a connection to furnish light to Don's livery stable, at Thirty-third and M streets, be referred to the engineer department, with authority to issue the permit under proper restrictions. The order stated that

with authority to issue the permit under proper restrictions. The order stated that the connection must be made by subsurface conduit from the nearest pole of the Fotomac company, when is only ten feet from the aside walk in front of the stable.

The significance of the decision lies in the contention of the United States company that this opens to the other company the right to furnish electric light and power by use of underground conduits anywhere in the District.

President Thomas, of the United States company, sald it had not yet been decided to carry the question at Issue into the courts on a suit for injunction against the Commissioners. He added, however, "We will be with them."

Nearly a score of Louisiana commission merchants applied yesterday for licenses upon the terms offered conditionally by the Commissioners on Monday. Several of them paid for and received render's licenses and it remains for the Commissioners to assign them places for display and sale of produce and fix regulations. The places will undoubtedly be the sidewalks in front of their present stores. Assessor Trimble took into consideration the fact that more than half of the license year has expired and made the cost \$10.42 instead of the fall \$25. FREE PERMIT REFUSED.

FREE PERMIT REFUSED.

The Commissioners refused to grant a free permit for an entertainment by the Morton Club at the old Grand Army Hall, at Stath and C streets northwest. The application was made by Judd Maivin. The club ismade up of colored men, mostly members of Morton Post, G. A. R., and friends of Commander George H. Boston, recently sentenced to suspension.

Orders were issued as follows:

Water mains laid, 75 feet 3-inch in Ramsey alley, square 733; 300 feet 6-inch on G street, between Fifth and Sixth streets northeast, and 570 feet of 6-inch main in Sixth street northeast, between F and G streets, 345 12-inch in alley, square 736, to serve lois 65 to 87, under permit system. cost \$587.

Sewers constructed in G street between Fifth and Sixth street portheast, and for streets, and for streets, and for streets, sewers constructed in G street between Fifth street, between F and G streets northeast, under permit system, cost \$180.

stolen certain valuable internal revenue stamps and with baving destroyed public papers will be arraigned before Commissioner Mills on Friday.

It is alleged that the arrest of Edwards has called attention to the fact that he is not the only offender in this species of crime and because of this a committee of investigation has been appointed.

The reputation of Edwards the police say is unsavory, it being stated in police circles that he is an old-time crook well known as Charles Stuart.
